

Good morning and a warm welcome to The Fishmongers Tavern! We are so excited to share our love for fresh food and produce with you. Being owned by the only seafood supplier in Sheringham, CA Seafoods, we take great pride in serving you the freshest fish, crabs, lobsters, and seafood - straight from the boats to our back door. Our 150-year-old brick smoke house still uses traditional smoking methods, infusing our dishes with that delicious smoky flavour. On top of that, our bread is homemade, and we love making our own sausages using pork belly for that extra delicious taste. We really hope you enjoy every bite, and feel free to swing by our shop on Station Road, Sheringham for a relaxed browse.
